Name of Company Requesting Work _____

Address _____

ABN _____ ACN _____

Contact's Name _____ Contact's Title _____

Tel No _____ Fax No _____ Email _____

Before ANY product samples can be received, the following questionnaire must be completed for EACH product and sent to the BMEA "Consultant-in-Charge" of the project (as defined on quotation).

Product Information (in addition to the **MSDS** that must accompany this form):

Common Name _____ Other Name(s) _____

Dangerous Goods Class _____ CAS _____

Chemical Composition (including % Proportion) _____

TICK Yes or No (attach additional information as necessary, e.g. explosibility data, min. ignition energy):

Abrasive: Yes No

Hygroscopic: Yes No

Electrostatic: Yes No

Fragile: Yes No

Self-Heating: Yes No → *If yes, provide storage requirements (e.g. max volume, time, temp)*

Comments _____

Min Particle Size _____ mm Max Particle Size _____ mm

Average Particle Size _____ mm *NOTE: attach relevant size distributions*

Particle Density _____ kg m⁻³ OR Specific Gravity _____

Loose-Poured Bulk Density _____ kg m⁻³ Angle of Repose _____ °

Moisture Content _____ % by mass (wet basis) Product Temperature (on-site) _____ °C

I agree to remove of all product samples from the BMEA Laboratory when requested. Unless stated otherwise, the above-mentioned person will be contacted for this purpose.

I have read and I understand the University of Wollongong's Terms and Conditions of Agreement (attached to the project proposal). I confirm that either:

(a) I have the necessary authority to bind the Company to these Terms and Conditions; OR

(b) I have obtained the approval of the authorised delegate of the Company and have been informed by this delegate that the Company agrees to be bound to these Terms and Conditions.

Signature _____ Name _____ Date _____
